

We are delighted that two of our CPD projects for 23/24 have been approved by the DfE for provision via Teaching School Hubs. This means that they have met the stringent EEF standards used by the DfE to assure quality CPD. Our projects in 23/24 are designed to support the challenges schools face in working with our youngest children, providing an inclusive environment in school and raising standards in writing for all.

Understanding the World

This critical aspect of children's learning provides the context for learning in all other areas, as well as being an opportunity to develop meaningful vocabulary and taps into children's innate curiosity. This interactive course will explore how the indoor, outdoor and local environments can be an effective 'teacher' of UtW.

The project will consist of 2 full days in person plus an online one-to-one session and costs £600+VAT or 6 credits per school.

DfE Approved – Evaluating the Impact of your Curriculum – 100% of delegates would recommend this to a colleague

This project is designed to enable you to assess the effectiveness of the way in which the curriculum is designed and taught in your school and to evaluate the pace of pupil progress and outcomes.

The project consists of 5 online sessions over the academic year and costs £600+VAT or 6 credits per school.

DfE Approved – Securing success in KS2 Writing – Free for members!

This project is designed to make a significant impact on the gaps in learning created by the pandemic and aims to ensure that pupils are securely ready for the challenges of the Key Stage 2 writing curriculum.

This project is free for all VNET members.

Internal Alternative Provision

Do you have an increasing number of children in school who struggle to cope with mainstream education?

This project will set out a framework to create a plan for a trauma-informed, relational, asset-focussed Internal Alternative Provision.

The project consists of 4 online sessions over the academic year and costs £600+VAT or 6 credits per school.
