

GREAT TEACHING TO IMPROVE OUTCOMES

NEW CPD FOR SPRING 2024

Remember if you are a VNET member there is plenty for you and your team to access for FREE as part of your membership.

Here are a few highlights...but make sure you [see all our new events here](#).

This spring we will have a greater focus on classroom practice, with a series on Great Teaching. We know that great teaching is the key to improving outcomes and we want schools to be able to support their staff to find the best ways to deliver the curriculum. In doing this, the curriculum will have its greatest impact. Our knowledgeable and inspirational colleagues have designed and will lead the following sessions for teachers and leaders:

Niki Kaiser and Rachael Wilson from the Norfolk Research School will lead the sessions on great teaching for teachers. [Read more](#)

Maria Curry will lead a session for senior and middle leaders on what great teaching should look like when delivering a knowledge rich curriculum. [Read more](#)

There are a lot of other great things on offer too:

- ▣ [Mixed aged planning](#) – Emma Turner
- ▣ [EYFS: Interacting or Interfering](#) – Julie Fisher
- ▣ [EYFS: Understanding the World](#) – Jude Twani
- ▣ [A Different Take on Disadvantage](#) – Sean Harris
- ▣ [Lessons from Cleverlands](#) – Lucy Crehan

We look forward to seeing you at one of the in-person events soon.
