

VNET Education CIC is proud to be a provider of choice for governing bodies as the external adviser for the annual Headteacher Performance Management meeting.

As you know, the Governing Body has a statutory duty to monitor and manage the performance of the Headteacher on an annual basis. VNET provides a comprehensive package for governors which includes:

- An online training session for governors on 18 June 2024, led by Sonia Innes, Education Director, which is updated annually and recorded for future reference. [Book the online training session now!](#)
- Guidance and supporting documentation for governors
- Review of HTPM documentation alongside School Improvement documentation to prepare for and support the process
- One half-day of VNET Associate time (usually online) dedicated to supporting governors in the annual performance management meeting with the headteacher.

The package costs £500+VAT for members and £600+VAT for non-members.
